

**Geomage:**

**Advanced Imaging Solutions  
For the O&G industry**

# Who we are:

Develop and provide unique imaging and attribute technologies for the O&G industry.

Technologies based on advanced science and hard core algorithms.

Unique team combines geo scientists, programmers, business and operational.

# Our Solutions:

High resolution imaging even in: rough areas and vintage data.

Unique fracture detection tool crucial in shell and fracking plays.

State of the art image processing software platform.

ExxonMobil

Occidental Petroleum Corporation

# Locations:

Israel : HQ & RnD center

Canada, Calgary

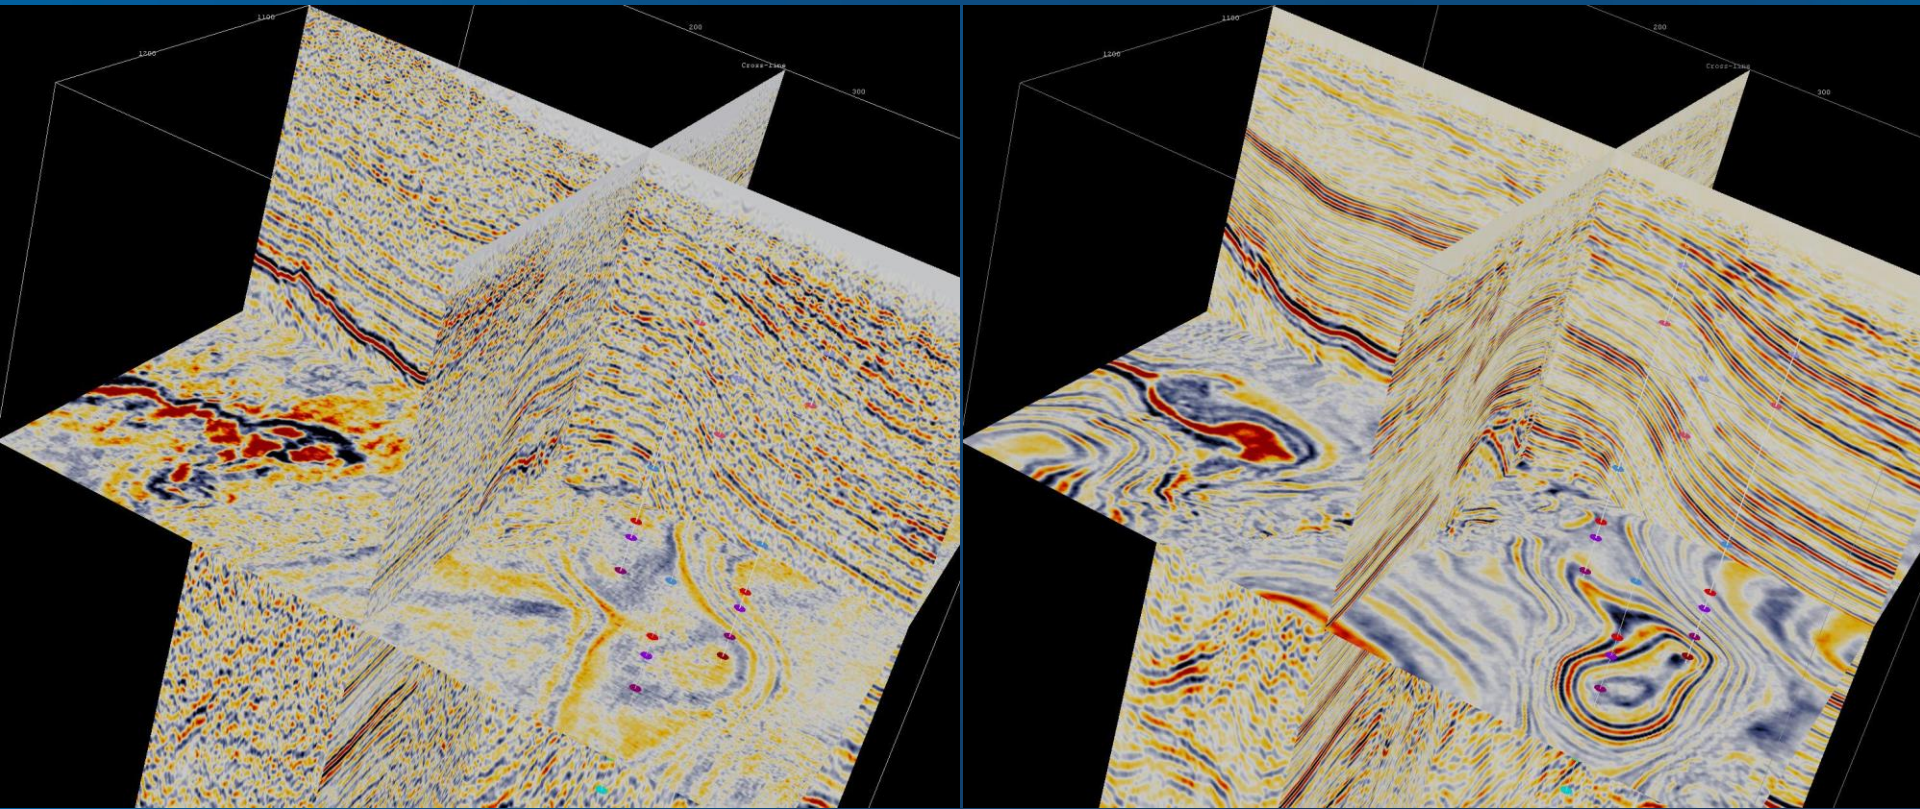

India, Mumbai

USA, Houston

China, Beijing

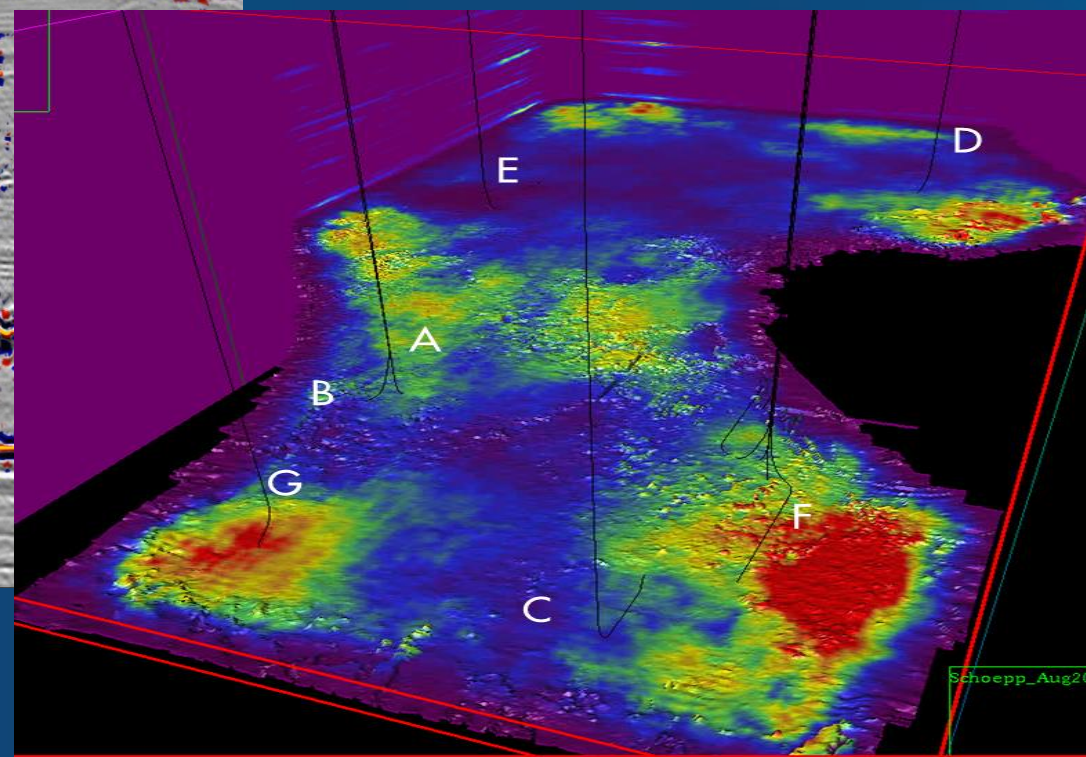

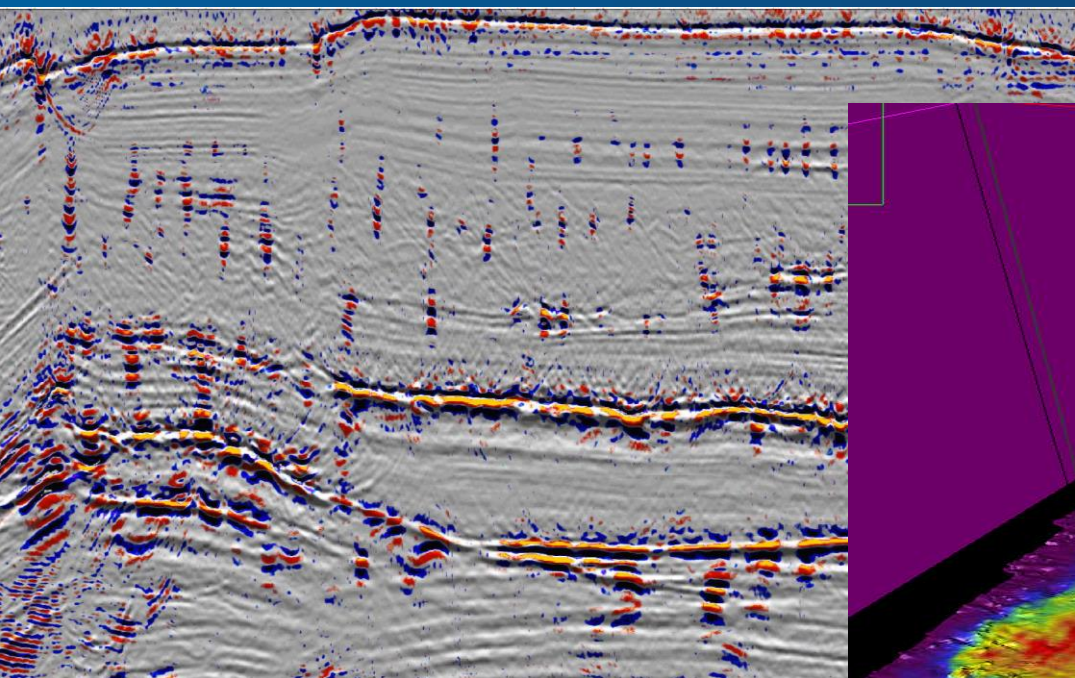

Russia, Moscow
